

How The Superbike Club Works

The Superbike Club provides members with a collection of the World's greatest motorbikes.

The Club owns the bikes, taking care of all the hassles and costs of ownership including depreciation, insurance, maintenance and storage, leaving you free to enjoy the ride.

The current collection includes two \$120,000 Ducati Desmosedicis, two \$45,000 Bimota DB7s, and cruisers from Harley Davison,

Victory and Triumph. There are also off-riders from Kawasaki and BMW as well as track day 600s.

You can expect around 20-30 days use for your initial 100 points, and we will also be organising track days, ride days and other events.

Membership is limited and is by application.

Membership Fees

	Joining fee	Annual fee	Points	KMs
Catalunya Membership	\$1,750	\$7,000	100	3,000

Joining fee only applies for first year of membership and covers the initial costs of insurance and a Superbike Training Course. All prices are subject to 10% GST
